Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The examiner and the applicant's representative discussed alleged differences between the applied references and the present claim. The examiner and the applicant's representative also discussed proposed amendments to claim 1 such as the system being an SIP system and providing availability information for the first device. The examiner indicated that these amendments did not appear to overcome the references relied upon. The applicant's representative indicated that he would review the specification to see if there were other aspects of the invention that may be incorporated into the claim language.
